PRESS RELEASE

FOR IMMEDIATE RELEASE

Alligator Designs Achieves AS9100C Certification
Globally Recognized Aerospace Standard – A Mark of Quality Excellence

Bangalore, November 03, 2014

Alligator Designs Pvt. Ltd. has reached another milestone with its quality management system now complying with the stringent requirements of globally recognized Aircraft, Space and Defence (AS&D) industry standard AS9100C.

Alligator received its CEMILAC (Center for Military Airworthiness and Certification, Bengaluru) certification in November 2013 and as a part of its continual commitment to upgrade its processes for design and manufacture of equipments for harsh environment, the quality system has now been validated by LRQA for compliance to AS9100C.

Alligator Designs Pvt. Ltd., an AS9100C certified company, is engaged in providing cutting-edge technology in Rugged Electronic Packaging Systems and caters to the Embedded System needs of various industrial segments like R&D, Defense and Military organizations, Aerospace industry among others. Since its inception in 2002, the Bengaluru based company has been designing and developing products for scalability, modularity and seamless integration powered by its in-house engineering and manufacturing capabilities.
